SIR

Subject Acquisition of Survey No's 39/1,164/2,164/3, 164/4 & 165/4(b) of Doddabilkhana Village, Bangalore North Taluk, for laying out sewer pipe lines to connect main drain of Kalasipalyam Mainx Road, Bangalore City.

With reference to the above, I write to state that Government in their order No L 9883-87/M1 23-46-15 dated 11-1-194 sanctioned the acquisition of the said survey lands authorising the Special Land Acquisition Officer, formerly attached to the erstwhile City Municipality, to take order for the acquisition Accordingly he acquired the above survey numbers comprising an area of 1 acre and 8 $\frac{1}{6}$ guntas in June 1947 Out of the five survey numbers ~~165/4(b) handed~~ acquired, the owner of S No 165/4(b) handed over physical possession of the land measuring 10$\frac{1}{2}$ guntas, 2 wells and a building to the Municipal Executive Engineer Then the award amount as well as the decree amount in L A Mis 77/47-48 was paid to the party and the land was used for the road

Some of the claimants of the remaining survey lands only handed over symbolical possession to the Municipal Executive Engineer in the year 1948 as the acquired lands were fully occupied by unauthorised huts and some refused to hand over possession of their shares in the acquired lands and even the hut mates refused to vacate the place Then references were made to the City Magistrate, Bangalore, with a list of owners and occupants to enforce surrender under section 47 Land Acquisition Act and eviction orders were passed on 26-10-1948 In the meanwhile about 300 depressed class families who had occupied the said acquired lands as well as the surrounding area presented a

p t o

representation to the Hon'ble Minister for Local Self Government seeking redress in the matter and to arrange to locate them in a different nearer place On this, the Government in their letter No L 2073 dated 22nd May 1950 called for a detailed report and the same was sent On 23-8-1950 a reference was made to the Commissioner for Rural Development in Mysore, Bangalore with a request to make necessary arrangements for shifting the said depressed class families to a different place early

For want of physical possession of the remaining 4 lands acquired. the compensation amount could not be drawn and the case referred to the Civil Courts for adjudication and apportionment Then on the pressure of some of the parties who handed over symbolical possession of the acquired lands, the Corporation Engineer was again requested to take possession of the said lands from the owners and also the occupants of huts located on the lands vide memo dated 5th May 1953 In response, he made a report stating that there is no necessity to acquire survey numbers 164/2, 164/3, 164/4 and the full survey number 39/1 in Doddabilkhana Village for the intended purpose, as the object of laying sewer line has been completed and the City Improvement Trust Board Bangalore, has got a layout sanctioned for all these areas to form a comprahensive layout Then fresh notices have been issued to the respective claimants in all the remaining 4 cases whether they are agreeable in dropping of the present acquisition proceedings on Survey numbers 164/2,164/3 and 164/4 of Doddabilkhana Village and to acquire only a portion of the land measuring 180' x 25' = 500 sq yards in S No 39/1 where the sewer line has been laid already and to drop the acquisition on the remaining extent of 1315 sq yards with Mangalore tiled building and thatched huts thereon In response, almost all the claimants have given their consent in writing for the above suggestion

Then the matter was placed before the Corporation for consideration Wherein, they at their meeting held on 30-11-1953 have resolved as follows -

"Re (1) the Commissioner's note soliciting approval to drop the acquisition proceedings completly in respect of S No 164/2 measuring 12 guntas or land with thatched huts and wells,

INL

DRAFT WITHDRAWAL NOTIFICATION

Under Section 48 (1) of the Mysore Land Acquisition Act 1894 as amended from time to time, Government are pleased to withdraw the acquisition on Survey No 164/2 measuring 12 guntas with thatched huts and two stone revetted wells, Survey No 164/3 measuring 10 guntas with thatched huts and mangalore tiled roof building and Survey No 164/4 measuring 2/3 guntas and 1315 sq yards of land with Mangalore tiled building and thatched huts thereon in a portion of survey No 39/1 of Doddabilkhana Village, Bangalore North Taluk, required for laying out sewer pipe line to connect main drain as published in Notification No L 9888/M1 23-46-16 dated 11th January 1947

Out of the total extent of 18 guntas or 1815 sq yards notified in S No 39/1, Doddabilkhana Village, Bangalore North Taluk, the acquisition proceedings has to be continued on an area measuring 180' x 25' = 500 sq yards where the sewer pipe line has been laid already

SIR

Subject Acquisition of survey numbers 39/1, 164/2, 164/3 165/4(b) of Doddaballkhana Village, Bangalore North Taluk for laying out sewer pipe lines to connect main drain of Kalasipalyam Main Road, Bangalore City

---

With reference to your letter No L 15350 dated 22nd February 1954 requesting to consider why the above entire property bearing survey number 39/1 should not be withdrawn from acquisition and fresh proceedings instituted in respect of the portion now required actually for the purpose, I write to state that the said survey number was acquired by the erstwhile City Municipality, in the year 1946-47 for the intended purpose, out of the entire area of 15 guntas acquired in S No 39/1, the Municipal Executive Engineer has taken possession of the area of 500 sq yards of land and the City Improvement Trust Board, Bangalore, have continued the sewer line on the other acquired survey number 165/4 (b) and joined the line to the New Trunkm Tank Bund Road through a portion of land in S No 39/1

Since the portion of land in question has already been utilised in laying the sewer line and road formation, it may not be desirable to withdraw the acquisition proceedings on the entire survey number at this distance of time and to institute fresh acquisition proceedings Moreover the market value of the land in 1946-47 will differ from the present market value if fresh acquisition proceedings is started In the above circumstances, I request you kindly to obtain approval of Government for the resolution of the Corporation dated 30th November 1953 with due

publication of the withdrawal notifications in the official Gazette as per draft already sent

forwarded with compliments

Yours faithfully,

(H S Seetharam,)
